Last Call to Apply! The Bish Fellows Program Application Extended to October 25

The Bish Fellows program brings together a select group of undergraduate student leaders who are passionate about strengthening their Mortar Board chapters and helping shape the future of the Society. Launched last year, the program creates opportunities for student voice, mentorship, chapter support, and national visibility. The program was established through the generosity of Lucille "Ann" Bish, in honor of her mother, Vivian Townsend Bish.

The 2026–2027 theme, Visibility and Tradition, will focus on elevating Mortar Board's presence on campus, in local communities, and across the nation.

Fellows will work together to build connections, celebrate our traditions, and strengthen engagement throughout the Society.

Are you a current undergraduate student interested in representing Mortar Board, developing your leadership skills, and connecting with fellow student leaders? Apply today to become a Bish Fellow!

The **application deadline** for the 2026-2027 academic year has been extended to **October 25**.

Fall Focus: Visibility & Programming

We love seeing the great work our chapters are doing this fall to increase campus visibility ahead of spring selection! From service projects and faculty and staff appreciation events to Last Lecture series, chapters are finding meaningful ways to engage their campuses and showcase what makes Mortar Board special.

If your chapter has not started planning fall programming, now is the time! Every event is an opportunity to build connections, raise awareness, and introduce more students to Mortar Board.

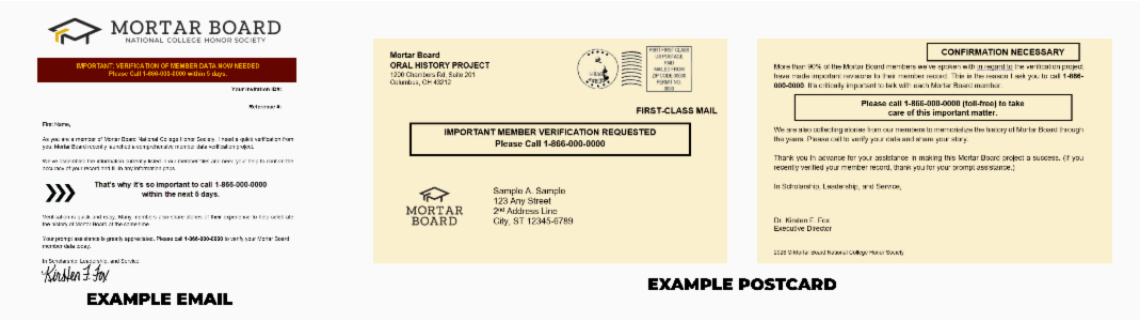

Share what your chapter is doing! Tag @mortar_board in your Instagram posts so we can celebrate your work and share it with members across the Society.
